ROAD SITUATION IN COUNTY IS CRITICAL

MUST DO SOMETHING OR GO BACK TO WILDERNESS

The road situation in Milam county is the most acute in many years, and this means both rural, secondary and main highways.

As it looked from here Monday we must act soon or go back to the wilderness.

Whether there is any prospect of salvation in the county unit system no one can definitely tell, but one thing is certain it could be no worse than what we now have and might be a site better.

One thing stood out as convincing in the fog of talk about "doing something" and that is we must have a County Engineer. There was a time when the county had an engineer and several assistants. It can afford them again if the purpose is to achieve something in the way of roads, both rural and highways.

If any doubt exists in the minds of the people of this county they should take a day off and go over the roads. See just what people in the rural districts are having to contend with in getting to market.

The financial condition of some of the Commissioner Precincts in Milam county hold out no prospects that roads can be built or even maintained within the foreseeable future.

Organized expenditure of road money under the unit system has worked wonders in other counties and it can do the same for Milam. There is no need for any locality to fear monopoly for money set aside for roads under the unit plan is spent where needed, not where often arbitrarily placed.

Proof that Milam county is being gradually isolated can be had within a few minutes drive from the court house, east, west and north. Highway 36 between Cameron and Milano will soon be a dirt road unless rebuilt. The same can be said of the same highway to the Bell county line. Also north on Highway 77 the road will conceivably be impassable for heavy traffic, especially through Falls county.

The situation demands immediate, intelligent, unselfish action. It is no longer a matter of opinion or politics. If we are to survive and preserve our farm investments, our city investments, we have got to have highways and roads.

Court House Clock Won't Strike; Folks Ask Something Be Done

The court house clock is at it again. This time it won't strike, seems to be running all the time, but won't tell the time of day.

You see, it's this way. Some of our people are a little obscure on reading but can hear well. Then again it is quite a strain to get up and walk around to the face of the clock to see if its time for the Midget to get out.

The town clock has given us no end of trouble since they got to tinkering with it, moved it when they tore the top off the court house. Appeals have been made to The Daily Herald to "do something about the clock."

The publishers have done all they can. You see, the clock has been elected.

Finest Watermelons In Texas Now Being Sold By W. A. Belt

Want a good watermelon?

W. A. Belt & Son on Highway 36 east of Cameron have made it possible for you to get the pick of the patch. It's no secret that Arthur Belt is just about the best watermelon raiser in the whole United States.

Right now with market conditions a bit bad Mr. Belt has set up a large army tent on the highway near his home and Cameron folks can now drive out and get melons.

These melons are the finest ever seen in this country. If you want a good melon and a nice drive take out any afternoon and drive to W. A. Belt & Son farm. Highway 36 will soon be a dirt road unless rebuilt soon, but you can still make it while the weather is dry.

Home Planning Prize Should Go To Mrs. B. F. Robinson Here

The Daily Herald nominates Mrs. B. F. Robinson to receive the prize for the best home improvement job in Cameron this year.

Mr. and Mrs. Robinson purchased the old Marburger home on East 23rd street sometime ago and Mrs. Robinson has made the home into one of the most attractive of the many new houses built since the war.

Mrs. Robinson has wrought a very unusual transformation in this old home and besides has achieved much in a landscape of the grounds. Through such efforts beautiful cities are built.

Negro War Veterans Get Suspension of 3 Year Sentences

Two Milam county negroes, both veterans of the late war, were released under suspended sentences here Tuesday on recommendation of the County Attorney, Bill Morrison.

Both faced charges of assault with prohibited weapons. The penalties are optional and range from jail sentences to prison terms. Since the boys were war vets and had never been involved in law violations before they were given suspended sentences.

Allen Speed of Thorndale who attacked Troy E. Brown, was one of the negroes, and Elisha McCullough, Cameron negro, was the other. He fired several shots and finally attacked with a knife a Cameron negro, General Mae Gates.

The Lester Glass' Are In California

Mr. and Mrs. Lester Glass are now in California and may be on their way back to Cameron soon.

They left Cameron two weeks ago for an extended trip through the northwest and west, including a stay in Denver and a visit to Yellowstone National Park in Wyoming.

The Daily Herald is in receipt of a card message from them at Los Angeles where they were to visit the flower market. The Florist store is being operated by their son and wife, Mr. and Mrs. Donald Glass.

Mr. and Mrs. E. P. Werner and daughter, Martha Lee entertained their relatives from Houston with a barbecue Friday. Martha Lee is spending this week in Waco with relatives.

BEN ARNOLD TAX CARRIES TRUMAN HEARS ABOUT LITTLE RIVER LEGION INSTALL HERE

CONGRESSMAN POAGE IS PLEADING FOR CONTROL

President Truman knows about Little River and how much water goes by Cameron when the stream is at flood crest.

Congressman W. R. Poage has mailed The Daily Herald a copy of a letter he has addressed to the President.

The President is expected to send a message to congress within a few days recommending a flood control program. Congressman Poage points out the need for flood control in the Brazos area and tells the President about Little River as follows:

"Even one tributary of the Brazos, the misnamed Little River, has, according to the reports of the United States Army Engineers, been known to carry more flood water past Cameron, than either the Mississippi or the Missouri carried this year above their junction. Not only is there a long record of recurring property loss in the Valley of the Brazos and its tributaries, but due to the much more rapid rising of the rivers, there is a record of the loss of hundreds of human lives.

Congressman Poage pleads with the President to include the Brazos and Little River Valleys in his program of flood control. Concluding Poage says:

"We buried our dead; we rebuilt our homes; we replaced our roads and bridges, but we have been unable to replace our top soil, and we have not forgotten."

THREE FACING CHARGES ARE NOT YET ARRESTED

Ten bills of indictment were returned here Friday by the Grand Jury in District court.

Three of the men facing charges were not under arrest and names were withheld pending their apprehension. Sheriff Carl C. Black returned late Wednesday from West Texas and New Mexico where he was directed in search of one man wanted on charges here.

Here are the indictments: Wood Butler, for robbery; Allen Speed, assault with a prohibited weapon in two cases; Elisha McCullough, assault with prohibited weapon; Johnnie Bell, two cases of Aggravated Assault; Tootsie Benson, aggravated assault.

The three cases wherein arrests have been made involve swindling with a worthless check, wife and child desertion and theft.

Peter Company Here is Sold to Bassel Wilson

PLANS UNDER WAY FOR EXPANSION OF BUSINESS

Bassel Wilson Produce Company of Temple has purchased the equipment and stocks of the Peter Company, Inc., in Cameron.

Mr. Wilson, widely known dealer and produce figure, was in Cameron Monday and while here announced the closing of the deal.

The purchase was made last week but was not made public until Mr. Wilson's arrival here Monday.

Albert A. Noack is the new manager of the company. Mr. Noack is well known here and has been associated with the business for a number of years. He plans an aggressive policy of merchandising in feeds and the operation of the plant which packs poultry and is one of the largest buyers in central Texas.

JACK DUBOIS COMMANDS EDWIN HARDY POST

Jack DuBois, World War II veteran, is the new commander of Edwin Hardy Post American Legion.

DuBois is a Pacific War veteran and saw service in many of the hard and bitter campaigns that saw the Japs driven out of conquered islands.

Since his return from the service Mr. DuBois has taken an active interest in the affairs of the post and had served as Post Adjutant. Now he has been elevated to the place of Commander.

The officers were installed on July 1. Other officers are: Bill Wallace, Pacific war veteran 1st Vice Commander; M. H. Nance, world war II veteran, Adjutant; John Henry Wilson, air corps veteran of the European theatre of operations, was named finance officer. H. B. McClellan, world war I veteran was named Service Officer and E. A. Perrin, World War I was named chaplain.

Dana Kestenbaum, army veteran World War II, was named historian and Joe O'Neill, navy veteran of the late war was named Sergeant at Arms.

The Post recently contributed \$100 to the Texas City Disaster Relief Fund, and also donated \$100 to the summer recreation program, it was reported by Commander DuBois.

Jimmie O'Neill the Post representative at Boys State in Austin, made his report on the annual convention of boys, sponsored by the Department of Texas, American Legion.

RED SOX WILL RENEW PLAY HERE SUNDAY

The Cameron Red Sox will resume play in the Central Texas League competition here Sunday and the game will be against Sparta.

The Red Sox are on top with Bartlett and Granger in the second half schedule. Indications were that Cameron would go into the finals. To gain the finals the Sox have to win one more game and it appeared likely they would take both games from Sparta.

John Henry Wilson, publicity director for the team, has ordered placards advertising the game here Sunday with Sparta. He said the last two games the Sox played were not on the league schedule and did not count in the percentages.

The game here Sunday will be played at Lawless Green Field and will begin at 2:30 p. m.

40 TO 5 MAJORITY IS RETURNED FOR SCHOOL

Ben Arnold School District voted 40 to 5 Tuesday to increase the maintenance tax to 50c it was unofficially reported Wednesday.

Another district, Clarkson, voted on Tuesday to raise their tax to the 50c minimum required by the state under the new aid law but no report was available.

The tax at Ben Arnold is now 60c but 10c of this is for bonds. This district is the first to report on a new maintenance tax to comply with new state regulations and as a result the students in high school will be eligible to transfer to Cameron and all pupils living as far as two and a half miles from the school will be transported by bus at state expense.

A number of districts are to solve the problem of transfers brought on by the new law. It was no longer a matter of whether tax payers are for or against an increased tax, it was a simple problem of meeting state requirements or there will be no educational advantages for the children.

PETITION IS NEEDED FOR UNIT ELECTION

A petition will be necessary to call an election to vote on the county unit system here in August, it appeared from investigations made by The Herald, Saturday morning.

It may have been typical handling that caused discussion of a meeting with the Commissioners Court but it is certain that the court will not order an election unless required to do so by petition of the requisite number of qualified voters.

In Bell county to-day petitions are being circulated. Why not in Milam? The answer may be just plain, misinformation of facts.

The court will not voluntarily call an election. Furthermore there has not been sufficient information to the people.

The unit system of road construction has great merit. We should have it but there is the right and wrong way and it looked Saturday that we had joined up with Corrigan.

MARKET ASSOCIATION MAY OPERATE HERE

The Milam County Marketing Association has been granted a 50 year franchise without capital stock and the incorporators are Affie Atkinson, H. B. Pressley and Graham McLerran.

The Association was organized here in the late spring, too late to do anything about handling the current crops, but it was understood plans are under way to have facilities and buyers here in 1948.

The Milam county charter was one of four such charters announced by the Secretary of State on Friday.

The Burnet county organization's charter is for 50 years and lists the group as a cooperative marketing agency. Incorporators were Luther Ateo, W. Jones, and Andrew J. Frazier.

Two other central Texas charters, both for non-profit organizations, were announced. The Heart O' Texas Fair and Livestock Exposition, Temple was issued a 50-year charter with incorporators listed as Frank Butler, Jr., Bob Gresham, and Olin J. Tippit.

CAR DESTROYED
A car belonging to Anton Hanel caught fire around 8 p. m. Monday night near the Green Motor Company and was destroyed beyond repair. A loose connection was said responsible for the fire. Firemen responded but the fire was extinguished with sand.

Transfer Problems Are Acute for Children Here

CAMERON CHILDREN TO FACE TRANSFER BARRIER

School patrons who live outside the city limits of Cameron and who are in the Curry school district, have been transferring their children to Cameron schools.

In September when the new term begins all children so situated will have to enroll at the Curry School. The school at Curry is one of the best rural schools in this section of the state, a two teacher school. The Curry district has a maintenance tax of 50c and therefore can qualify for state aid and minimum basis pay for teachers. High school students in the Curry district are still eligible for transfers.

The Curry school teaches up to the 8th grade and no pupil in the district may transfer to Cameron as long as they are in the grades up to the 8th.

Consolidation of the Curry district with the Cameron district would be most logical and desirable, but since the patrons of the Curry school wish to maintain their fine community asset, such is not likely at this time.

If the districts were merged the tax rate would be increased there by 25c as the Cameron district has a maintenance tax of 75c.

Local Band Plays At Catholic State League Meeting

The Yoe High band, under the direction of Francis Cox spent Wednesday in Westphalia where they played for a convention of the Catholic State League of Texas, which started July 14 to run through the 17th.

At 9:00 a. m. the band furnished the grand march from the home of the priest to the church at which time Bishop Byrnes pontificated. Short concerts were given throughout the day. At noon, dinner was served to everyone.

Sgt. and Mrs. Taylor Morris and Johnnie Gurecky returned to their home from a trip to Mass.

Sgt. Edell H. Smith Member Crack Unit That Marched In Tokyo

Technical Sergeant Edell H. Smith, son of Frank L. Wall of Route 1, Gause, was honored by being selected along with the members of his unit to represent the 25th Infantry (Tropic Lightning) Division in the Independence Day Parade in Tokyo on July 4th. T-Sgt. Smith is a member of the 1st Battalion of the 27th Infantry Regiment which was chosen to march in the mammoth parade.

He entered the Army in 1942 and left for overseas duty in 1943.

Mrs. Jeannie Barrett from Yarellton was in Cameron Wednesday shopping.

TO OUR READERS

The publishing plant of The Herald will be closed on Monday, July 28 and will not be open again until Monday, August 11. This is being done to give employees their summer vacation. We regret this necessity but there is no other way we can get a much needed rest. There will be no weekly issued on July 31 or August 7.

From where I sit ... by Joe Marsh

Sam Helps with the Dishwashing

Dropped in at the Abernathy's just the other evening—and there was Sam, out in the kitchen with an apron on, helping his missus wash the supper dishes. (And then I learned later he'd helped cook the supper, too.)

Of course, Sam could have settled into his favorite chair, enjoyed his evening glass of beer, and left all the messy kitchenwork to Dixie. But he kind of likes her company—and she in turn certainly appreciates his help.

In fact, sharing the housework

and the mealtime chores is sort of a bond between them... like sharing that friendly glass of beer together, when the work is done. It's one of those little all-important things in marriage.

From where I sit, the time that a man and wife can spend with each other in this busy world today is all too precious. And the more things they can do together, the better.

HOW TO USE THE TELEPHONE SKILLFULLY

Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way.

If you know the right answers to these four questions about using the telephone, you'll have a key to better telephone service.

Question: What is the best way to answer the telephone?

Answer: It's usually best to identify yourself at once. "Mr. Hopkins speaking" helps start things off right—especially if the caller may not recognize your voice. It's much better than "Hello."

Question: Can the person I'm calling hear me better if I talk loudly?

Answer: It's better to speak in a normal voice—clearly and distinctly—with your lips about a half inch from the transmitter.

Question: Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly?

Answer: No! When you move the hook too fast, it often brings in no signal at all. Move it slowly for better results.

Question: When I'm talking on a party line, how do I know if another party wants to call?

Answer: You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

CRASH ON BRIDGE FATAL TO R. HILDERBRANDT

Reginald Hilderbrandt, 35, was instantly killed about 7:30 p. m. Thursday night on the highway bridge at Milano, when his car struck the railing and was overturned.

Mr. Hilderbrandt, a native of Milano community, was alone at the time of the accident. Information to the Daily Herald Friday morning said that Mr. Hilderbrandt was on his way to Rockdale when the accident occurred.

The car in which he was riding crashed the bridge and was overturned pinning Hilderbrandt beneath. His neck was broken and he was dead when recovered from the wreck.

Mr. Hilderbrandt was a veteran of World War II and was the son of Mr. and Mrs. Fritz Hilderbrandt of Milano.

Funeral services were held at 4 p. m. Friday, July 11 with interment in the cemetery at Liberty where the family had lived for a number of years. The Phillips & Luckey Funeral Home in Rockdale directed arrangements.

The many relatives and friends of Mrs. Drennen R. Anderson of Fort Worth, will regret to learn that she slipped on the floor of her home July 3 and broke her pelvis bone in four places. She is a patient in the Methodist Memorial Hospital of Fort Worth, Room 714. It is expected that she will be there for 6 to 8 weeks. Mrs. Anderson is remembered as La Verne Dodson, who lived near Cameron in the Walkers Creek Community during early childhood years.

SALEM PROPOSES TAX INCREASE FOR SCHOOL

School patrons in districts where taxes are too low to qualify under the new state aid law, were moving rapidly to solve their problems and to give their children the advantage they so much deserve.

Chas. M. Hicks, county superintendent, is a busy man these days working with trustees and citizens in the districts.

On Saturday night last a meeting was held at the Salem School. It was a mass gathering of school patrons and their problems were discussed. The citizens entered into the meeting with wholehearted interest and the result was that a 70c increase in taxes will be sought for school purposes. The district now has a 5c tax.

The plan is to transfer all the children to Cameron and now have school at Salem this fall. Based upon the valuation in the district the tax, if carried, will buy a new bus, maintain it and pay a driver.

When the proposal was made the vote was 12 to 3 of those present for the tax. A petition was signed at the meeting calling for an election by the following: H. G. Chamberlain, H. L. Bayer, E. I. Brod, Hubert Jistel, T. G. Raymond, S. F. Polzer, Jr., E. J. Walzel, Ike R. Ledbetter, R. D. Provasek, John Hubnik, John A. Zedlicka, Mrs. Thomas Raymond, Adolph Richter, C. R. Law, Mrs. C. R. Law, O. W. Whittington, Mrs. O. W. Whittington, Mrs. L. W. Mueck, and W. J. Anderle.

Five more had signed the petition and the election will be called. It was said the valuations in the district

are some \$300,000 and the proposed tax would raise \$2,650.00 and will not be a burden.

Cameron Young Man Hurt as Car Crashes Another Machine Here

Harry Hinton sustained an arm injury in an early morning crash in Cameron.

Albert Rettig sustained no injuries.

The car in which the young men were riding crashed into a car owned by Grady Houston at his residence. There was no accounting for the accident.

The Houston car was badly demolished, according to officers who investigated.

Mr. and Mrs. Felix Smolinski and small son of Chicago are here for a month's visit. They are visiting in the home of her parents, Mr. and Mrs. John Dueser of Ad Hall, and other relatives and friends. These safety features have been given gruelling tests, they have been proved and perfected by years of the finest engineering experience. But their maintenance and handling are up to you. Safe driving depends upon the efficient operation of these factors.

Watch your steering gear for excessive play—keep your brakes in trim, inspect tires for weaknesses that may result in blowouts. Be sure all lights are working, "one-eyed" cars are dangerous. Check your mirror for clear rear-vision. Be sure your horn works—but don't abuse its use. Do your windshield wipers wipe?

Remember, no matter how good the safety features of your car—they are only as good as your ability to control them. If you are overtired from driving strain—stop, rest, drink a cup of coffee. If you are mentally or nervously upset, let someone else drive. If you've been drinking, stay off the road.

Keep your car—and yourself—always in condition for safe motoring.

MILANO NEWS

Reginald Hilderbrandt was instantly killed Thursday evening at 8 o'clock on the viaduct bridge on Highway 36 here in Milano. No one knows just how it happened as he was alone in his car when the accident occurred. There was a car just behind him and the driver said he was driving slow. Some think he might have had a heart attack and lost control of the car. He hit the banister of the main part of the bridge. His car was a complete wreck. He leaves a mother with whom he made his home, two sisters and three brothers. His burial was at Liberty with Phillips & Luckey in charge. He was 42 years old at the time of his death.

The vacation Bible school of the Milano Methodist Church closed Saturday night with an open house. There was a nice crowd gathered to see what their children had accomplished. The instructors of the Bible class were Mrs. Ruby Watts and daughter Nancy and son Steve, Miss Ora Lee Peoples, Mr. and Mrs. Ray

Hardison. They had on roll 33 with an average of 30.

Mr. and Mrs. Pruett of Houston spent the week here with their parents Mr. and Mrs. H. H. Pruett. Their children had spent a two weeks visit with their grandparents.

Mrs. Minnie Stewart of Houston is a guest here of Mrs. F. W. Iames Ronald Baggett of Dallas, who is attending A&M College spent the week end here in the home of his Aunt, Mrs. Bessie Brennan.

Mrs. H. M. Timmons has returned to her home from a pleasant visit with her children in La.

Mr. and Mrs. Monroe Peirce and three children of Houston spent the week end in Milano with their parents, Mr. and Mrs. M. J. Peirce and Mrs. Fannie Holdiness.

Mrs. Ruby Gerdes and little daughter Linda Ann of Caldwell are visiting in Milano with relatives.

Mrs. Ida Howes is in Houston with her daughters, and is reported recovering from a spell of sickness.

GIRL SCOUTS AWARDED COOKING CERTIFICATES

For the past week, July 7 through 11, the Lone Star Gas Company has sponsored a cooking school for the Girl Scouts of Cameron. A series of daily lessons, conducted in the High School Foods Laboratory, has included menu planning, basic nutritional principles, preparation of meats, vegetables, salads, quick breads, desserts and beverages. The School was conducted by Misses Jeanette Graham and Charlotte Smith, Gas Company Home Economists.

Wednesday afternoon, the Scouts participating in the Cooking School enjoyed a swimming party given through the courtesy of the Gas Company.

The weeks activities were climaxed by an open house given by the students for their mothers, who were served refrigerator cookies, lime sherbert punch, and open face sandwiches.

The following students were presented with certificates, indicating completion of the course: Betsy Caperton, Martha Ann Collins, Shirley Scarborough, Evelyn Armstrong, Helen Armstrong, Laverne Dodson, Marguerite Hichman, Jean Bradbury, Nancy Grabein, Joyce Allison, Nan Hubert, Ann Wimberly, Patricia Gill, Yvonne Gill, Minnie Earle Whittington, Jane Henderson, Frances Vogelsang, Erin Kruse, Ann Bradbury, Lou Anna Brock, Joyce Wallace, Billie Nell Johnson, Andrea Brady and Ann Hinyard.

LOCAL MAN SAYS DISK OVER CAMERON TUESDAY

A flying disk about the size of a large dishpan was over Cameron Tuesday, says R. H. McFarland.

Mr. McFarland said he had seen such an object once before but said nothing about it at the time. Seeing the same kind of object a second time, he told the Daily Herald about it.

Boys have been releasing balloons and so has the weather bureau.

Mr. McFarland says he saw the disk in the southern part of the city and it was traveling north at a very rapid rate of speed. He watched it come over his section which is north and disappear in the sky far away to the north.

William R. Newton, III Is Attending Culver

William R. Newton, III, son of Dr. and Mrs. W. R. Newton of Cameron, is attending Culver summer school at Culver, Indiana.

Billy was accompanied to the school by his mother and grand mother, Mrs. W. R. Newton, Sr., two weeks ago. There are some 1200 boys in the summer school and 460 in the section where Billy is going to school.

He will return at the end of the summer to enter school in Cameron again.

Professional Notice

Judge Ed Gunn, former Criminal District and County Attorney of Milam County, has opened his permanent "Law Office" on the second floor of the Hotel Cameron Building, Room 218 where he will continue his law practice, both civil and criminal, in all the courts.

Judge Gunn will conduct in his office, what is known to the profession, as a "Legal Clinic", by which all persons, for a nominal charge, may have legal counsel and advice on all their problems, both legal and business matters concerning their rights. The legal clinic has been established in many of the cities of the country, and has proven a great help and benefit to the people, especially those of modest means, who do not feel that they can afford long and expensive litigation in the courts.

Judge Gunn has had thirty years of experience in the legal profession; He has held a number of public positions, and has a wide experience in the legal and business affairs of the public.

Office hours will be from 9 a. m. until 5 p. m. each day.

Edwin Schiller's Building New Home

Work is far advanced on the new home of Mr. and Mrs. Edwin Schiller in the country club addition to the city of Cameron.

The home is situated on North Harding and is one of the most attractive of the many new homes recently completed in Cameron. They hope to move into the home within a few weeks.

Mr. Schiller, prescription druggist at the E. O. Schiller Pharmacy, is a veteran of the late war.

HOMES AND TOWN LOTS LEAD WEEKS TRANSFERS

Real estate transfers involving considerations to the amount of some \$25,000 were recorded during the past week with town houses and lots in the vanguard of transactions.

Some farm deals were reported. Real estate transfers in Milam county during the past three years have accounted for the largest turn-over in real estate in the history of the county.

With farming methods greatly influenced by machinery, many farmers have moved to town and commute daily to and from their farms. Lush employment in war plants and other sources that contributed to the mass income, have been responsible for largest investments in homes than at any time in history.

Land prices are high, but do not compare with the \$200 an acre peak reached after World War I. Town

Baptist Revival At Ben Arnold Is Begun

The Baptist revival which began last Friday night at Ben Arnold will continue through Sunday, July 20.

Preaching is being done by the pastor, Rev. P. L. Caperton, with the song services being conducted by Rev. Buford Harrell, assistant pastor at Killeen.

Services are held daily, at 11:00 a. m. and 8:15 p. m. with sundown prayer service each evening.

The public is cordially invited to attend all services.

CAMERON GETS A NEW BUSINESS; ITS DELIVERY SERVICE BY WAR VETERAN

Cameron has a new business, this time a delivery service, something the city has needed for a long time. Bobby Owings, war veteran who fought it out with the Japs in the Pacific, has instituted the service. He runs errands, delivers packages, will even buy your groceries and bring them to you. Read his ad. Its something you will appreciate.

Walter and Marjorie Henriksen of Edinburg are visiting their grand mother, Mrs. Ann Henriksen.

WIDELY KNOWN CITIZEN SUCCEUMBS EARLY TODAY

Thomas K. Chandler, 77, widely known citizen and native Texan, died at his home in the country club addition to the city of Cameron, at 9 o'clock Thursday morning, July 10.

Mr. Chandler has been ill since Saturday and while his condition was not critical, his death came with surprise and great shock to the people of the city.

Mr. Chandler was born on October 11, 1870 in Crockett, Texas. He had been a resident of Cameron for the past 30 years. For 20 years of the time of his residence here he was superintendent of the mill of the Cameron Cotton Oil Company, owned by R. L. Batte. A man of wide experience in the operation of oil mills, he built a number in Texas while actively engaged in his trade.

During the past few years Mr. Chandler had lived quietly at his home where he spent his time with gardens and orchards. Mrs. Chandler who survives him, suffered an accident some time ago and has been in bed from a broken hip. The Chandler home is one of the most attractive in that section of the city.

Funeral services were to be held here Friday, July 11, at First Baptist Church at 4 p. m. with Rev. L. L. Morriss, pastor of the church conducting the services and assisted by Rev. R. E. Right, former pastor of the Gospel Tabernacle Church here. Interment will be made in Oak Hill Cemetery with the Green Funeral Home in charge of arrangements.

The body will be at the family residence until the funeral hour on Friday.

Surviving are: His widow, Mrs. T. K. Chandler, two sons, Guy Chandler and J. K. Chandler of Cameron and two daughters, Mrs. A. E. Brogan and Mrs. C. N. Dodson, of Cameron. One son, E. Chandler died in Thorndale early this year.

MRS. J. C. BURKE IS BURIED HERE SUNDAY

Funeral services for Mrs. J. C. Burke, 82, who died in St. Edwards Hospital in Cameron at 2:24 a. m. Saturday, July 12 were held at 2 p. m. Sunday, July 13 from First Baptist Church.

Mrs. Burke had been critically ill for several days prior to her death and suffered a heart stroke.

Rev. L. L. Morriss, pastor, First Baptist Church, conducted the services and the Marek-Burns Funeral Home directed arrangements.

Mrs. Burke was born November 1, 1864 in Milan county. She was the daughter of the late David Green and Amanda Davis. She had been a member of the Baptist Church for 66 years.

Surviving are her husband, J. C. Burke, four sons and five daughters as follows: Leonard C. Burke of Davilla; Leland Burke of Houston, John Burke of Dallas and Erle Burke of Cameron; Mrs. M. D. Schulze of Houston; Mrs. Emma Langdon of Cameron; Mrs. W. I. Clark, Jr. of Houston.

One sister, Mrs. J. C. Rugel of Mesquite also survives as well as 13 grand children and 1 great grand child.

Active pall bearers were her grand sons: Richard Earl Burke, Paul Burke, Adrain Schulz, Afton Schulz, Charles Bradley and Howard Hinton. Honary pallbearers were the Deacons of the First Baptist Church, Wyatt Wolfe, Dr. T. E. Crump and Demmie Kemp.

Interment was made in Oak Hill Cemetery where many friends and acquaintances gathered to honor the memory of one who had so lived to bless the community in which she had lived so long.

Mrs. V. P. Woolley Is Honored on Her 75th Birthday Sunday

Mrs. V. P. Woolley was honored on her 75th birthday Sunday night after services at First Christian Church. The Party was held on the lawn at the home of Mr. and Mrs. Frank Reid.

Some thirty-five members of the church were present, and enjoyed a "toast on friends", by Mrs. Dow Eplen, and the poem, "Grow Old Along With Me" read by Rev. Joe Wick, pastor.

Mrs. Woolley is one of the older members of the Christian Church which was organized in 1892.

Central attraction was the three-tiered birthday cake with the date of Mrs. Woolley written across the top. Mrs. Reid was assisted by Mrs. Alvin Witcher in serving the guests cake and iced punch.

Miss Jerusha Rogers of Salem was transacting business in Cameron Tuesday.

Dorris Nell McLane Honored At Monday Night Shower Here

Mrs. Verna Mae Vick and Mrs. Stanley Hughes were hostesses at the home of Mrs. Hughes, at a miscellaneous shower Monday night honoring Miss Dorris Nell McLane, bride elect of T. J. Worthington of Edinburg.

Games were played and prizes awarded to the honoree, Mrs. W. A. Bonds, and Mrs. Mattie Ledbetter, who in turn presented them to the bride.

Each guest wrote her favorite recipe for the bride's recipe file.

Mrs. Vick presided over the bride's book and Mrs. Hughes was in charge of the games.

A huge basket of lovely useful gifts was presented to the bride. After opening the gifts, she thanked each guest for their kindness and thoughtfulness.

Refreshments of cakes, ribbon sandwiches and cookies were served. Plate favors were red double hearts, tied with white ribbon, with the inscription Dorris and T. J. July 27.

Mr. and Mrs. Billy Balhorn are the happy parents of a son, Douglas Davis born at the St. Edwards hospital July 6. The baby weighed 7 and 1-4 pounds. The mother is the former Eileen Butler of London, England. They also have another son 20 months old named Reginald, who was born in London, England. Mother and baby are doing fine.

Mrs. Herman Jahnke who has been ill at her home is somewhat improved and is able to be up.

Cameron firemen were busy early
Friday morning with two fires in
widely separated sections of the city.
A small out house in the vicinity of
N. Washington was burning around
4 a. m. and a house in the negro sec-
tion caught fire a few minutes later.
The firemen by excellent work
saved surrounding properties.

CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the Les-
son-Sermon which will be read in all
Churches of Christ, Scientist, on
Sunday, July 20.

The Golden Text is: "The Lord is
the portion of mine inheritance and
of my cup: thou maintainest my lot
... Thou wilt shew me the path of
life" (Psalms 16:5, 11).

Among the citations which com-
prise the Lesson-Sermon is the fol-
lowing from the Bible: "Yet the
Lord will command his loving-kind-
ness in the daytime, and in the night
his song shall be with me, and my
prayer unto the God of my life" (Psalms 42:8).

The Lesson-Sermon also includes
the following passage from the
Christian Science textbook, "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy: "We
all must learn that Life is God"
(page 496).

NEW AID LAW FORCES REVAMPING TAX RATES

School Districts in Milam county
were going about the business of
putting their finances in order so
that provisions of the new Texas
aid law might be met and their chil-
dren given the benefits of better
educational facilities.

The right of transfer which has
brought school children in the poor-
er districts the same advantages as
the children in the cities and consoli-
dated districts, has now become dif-
ficult. The legislature moved to re-
cify a number of conditions and in
so doing have forced a more or less
uniform standard of tax rates all
over the state.

Since July is the last month in
which transfers can be made it is
highly important that parents of
children look well into conditions in
their districts and if their school
boards have not acted to insure con-
solidations or transfers where eligi-
ble, they should call for immediate
action.

Where equivalent grades are
taught in the home district no pu-
pil can be transferred no matter what
the tax rate may be. The old trans-
fer law has been wiped out. The new
one is rather drastic.

The only solution lies in consoli-
dation. The School District of Salem
is pointing the way. The people there
will vote a tax to buy buses and pay
drivers and transport their children
to Cameron. This plan brings better
school facilities to children in the
lower grades and gets around the
new transfer law. If the people of
the Salem district had not adopted
this plan no transfers would have
been allowed and the aid under the
new law to bring teacher pay to the
minimum of \$2000 would have been
denied the district because it does
not have a maintenance tax of 50c.

Many other districts are facing the
same problems. Salem has a tax of
only 5c.

There are five school districts in
the county without a 50c maintenance
tax. In order to share in state funds
under the new law their rates will
have to be moved up.

The district at Maysfield has to
work out a more detailed problem.
On July 2 an election was held but
only one of two propositions were
voted upon. This was an oversight as
the bond tax ballots and forms were
on hand. Now the district must call
another election to determine wheth-
er the repair bond will carry and
if their school may continue.

The Maysfield district on July 2
did not authorize \$3000 in refunding
bonds on their existing debt and a
grand total of \$10,500. The building

is in bad state of repair and must
be restored. Here is an example of
financing that sometimes is disas-
trous. When the building will not
last through the maturity dates of
bonds issued, the cost is too great.

The voters at Maysfield by a
vote of 29 to 2 authorized an increase
in the maintenance tax of 25c rais-
ing it to a total of 50c This qualified
the school for state aid and ade-
quate teacher pay. Two weeks will be
required to arrange for the bond
election.

Two other districts have filed peti-
tions for an election to be held in
each on July 15. These districts are
Ben Arnold and Clarkson. The pro-
posal is the same as in other districts
to raise the tax rate to the mini-
mum maintenance demand of 50c.
Both districts now have a 25c tax.
Miss Kate Sproull will be election
judge at Ben Arnold and J. A. Blai-
senz will be judge at Clarkson.

Branchville district has no school
tax. The tax was abolished some
years ago and the white school there
discontinued. The building was
wrecked and sold. Now facing a
situation that demands immediate
attention the district will soon vote
on whether it will meet the new
law standards and have a tax rate
of 50c. Branchville is the only school
district in the county without a tax.
State aid money in the past has been
used to pay bus transportation for
the children to schools by transfer.
A negro school was also maintained.

If a tax is voted the trustees there
will be able to transfer children to

Cameron again as has been true in
the past. However, should the tax
fail, the district then would have to
maintain their own grade school and
high school students would have to
transfer as has been the case in the
past, for no transfer can be made
where an equivalent grade is taught
in the home district.

Chas. M. Hicks, county superin-
tendent, was working with all the
districts in co-operation to determine
the best plan to work out these
problems.

REV. N. R. HAWKINS TO VISIT PRESBYTERIANS

Rev. N. R. Hawkins, President of
the Southwestern Presbyterian Home
and School for Orphans at Itasca
Texas will be guest preacher at the
First Presbyterian Church Sunday
morning, July 13.

Rev. Hawkins will bring with him,
Ronald James Boatner, eleven-year
old boy whom the Sunday School here
in Cameron has adopted. By adopting
him, the Sunday School has the
privilege of clothing Ronald. There
are about 100 children at the Home
at present. The Home is run on an
unique plan, with about fourteen
children assigned to a "Cottage" with
a "poppa and mamma". Mr. Hawkins
says he has visited several Orphan-
ages recently and finds that the
Home in Itasca is graduating the
highest percentage, that is, the chil-

dren are staying through high school.
Rev. E. O. Harrell, pastor of the
First Presbyterian Church, will be
out of town on vacation for two
weeks. Rev. Robert Kalkbrenner will
preach at both services on Sunday,
July 20.

Don L. Mitcham who lives in Buck-
holts, and is attending school at Ft.
Sill, Okla., spent the holiday and
week end in Buckholts with his par-

Working with Texas Farmers since 1915

ELECTRIC
FEED MIXER

Texas Power & Light Pioneered Rural Electrification in Texas

The Texas Power & Light Company began its rural electrification program back in 1915. By 1921, we had brought electricity to 6,926 farm and rural families. This number has almost doubled every ten years since, as we consistently added more and more lines, reaching a greater number of farm families each year. Now, approximately 7,000 miles of TP&L rural lines alone serve more than 68,000 farm and rural customers.

More than thirty years of research, development and experience have shown our engineers the most economical way to extend these rural lines. As a result, we have been able to provide dependable, low-cost rural electric service to farms and rural homes throughout the 52-county area served.

The Company also supplies electric power at wholesale to 21 REA Distribution Cooperatives which in turn serve many thousands of additional rural and farm homes. The rate at which this Company supplies service to these Cooperatives is one of the lowest in the nation, and is lower than that of the Tennessee Valley Authority to Cooperatives in its area.

A continuous rural expansion program is being carried out in North, East and Central Texas by Texas Power & Light Company, and 1947 plans call for the construction of 1,000 miles of new rural lines to serve approximately 9,000 new customers living on farms and in rural communities.

ROCKDALE MEETING TO ATTRACT SOME 1500

When the Texas & New Orleans Railroad filed application with the Texas Railroad Commission for permission to discontinue passenger train service between Waco and Yoakum, cities and towns along the people are thinking will be best told on Thursday, July 24 in Rockdale when a hearing is to be held.

All members of the Railroad Commission have been asked to attend and Commissioner Ernest O. Thompson, has promised to be there.

The Rockdale site of the meeting was arranged because of the central location on the line between Waco and Yoakum. The Young Men's Business League will give the visitors a barbecue.

A preliminary meeting was held in Rockdale on July 10 and if expressions indicate how the people feel about the application to stop passenger train service, the meeting there on July 24 should be a representative appraisal of the value the cities and farm country place upon the value of this service.

The Railroad Company says the operation of the passenger trains is causing a loss of \$30,000 a year. Nobody seems to blame the railroad company for wanting to discontinue passenger service but many take the view that loss of express service might work a hardship on many.

Cameron was planning to join in the meeting with a delegation to protest the application. Mayor A. W. McCullin, was named chairman at the preliminary meeting on July 10 to see that a suitable protest was had from Cameron.

The T&NO, formerly known as the SAP, operates two trains daily between Waco and Yoakum, Nos. 51 and 52, making round trips, carrying passengers, when there are any, carrying the U. S. Mail and operating an express service.

Milam county may be said to face a dilemma of serious proportions. Highway traffic has reduced railroad income to an alarming extent in recent years. If Highway 77 through Milam and Falls county is not rebuilt and maintained, and if the T&NO discontinues passenger service there will be no means of communication between Waco and Yoakum, not only by rail but by highway as well.

It is little wonder that the people are aroused. To be isolated is not a very pleasing prospect. Will Milam county be isolated, will Cameron, Rockdale, Rosebud and all the towns along the line be isolated? It is highly important that you be at that meeting in Rockdale on Thursday, July 24 and join in the protest.

Court Faces Problem With Neglected Child; One Back to Prison

Two boys one of whom was on parole from the prison at Gatesville, were processed here Saturday on Delinquency charges.

Alton Weems 11, was sent back to Gatesville when charges were brought that he had engaged in a number of pilfering jobs.

Curtis Morgan, 9 year old boy, could not be tried as a delinquent child under the law. He can be adjudged a dependent and neglected child. The court here hopes to be able to find a school or home for him.

A boy 10 to 17 may be adjudged a delinquent and a girl 10 to 18 may also be adjudged. A child under ten years of age presents a problem.

It was pointed out that a recent court decision makes possible proper handling of children under 10 years.

Two Boys Facing Juvenile Court Proceedings Here

Alton Weems, 11, and Curtis Morgan, 9, were in hand here at 8:30 a. m. Saturday for a hearing before Judge John Watson in District court as juvenile delinquents.

Alton was sent to Gatesville last winter but was at home on parole. Curtis has been in similar trouble before but due to his age was not taken from his parents.

Late Friday the boys are said to have entered the home of Mrs. Robinson near Curry and taken a watch and other things. She reported that when she reached her home last the boys were there and she asked them what they wanted and they said they wanted water. When she asked them to go inside for water they ran away. She reported to the officers.

The boys were in hiding last night and early Saturday were found in a house on the county farm in the western edge of the city.

It was said that the boys had been involved in other questionable ventures around here during the past week or more.

LOCAL FARMERS OBTAIN ACTION HERE MONDAY

Milam County Marketing Association, recently chartered by the State of Texas, was in business here Tuesday with a new outlet for melons and a buyer on the ground.

Joe Donoho, representing Ernest E. Fadlen Co., of Kansas City, Missouri, arrived here Monday and after consulting with members of the Marketing Association, and inspecting a number of melon fields, began buying Tuesday.

Melons are being weighed on the R. L. Batte Gin Company scales on Highway 36 east of the Santa Fe tracks. Producers are being paid on a cash-truck basis. How much this price is was not stated.

Milam county water melons are top in quality and are widely known. With the new market outlet through the Marketing Association other areas of the United States will come to know the quality of the Cameron melons.

Prices have discouraged producers to some extent but the crop is one of the best in years and production may over come the low prices.

Cameron was at last doing something worthwhile in the matter of encouraging and developing the farm income. The organization of the Marketing Association is a step forward in realizing upon a system of better selling, an orderly marketing and well directed economy.
